

DANIELI GRADUATE PROGRAM

Two years, one incredible experience.

WHO WE ARE:

We are one of the three largest global suppliers of industrial plants and equipment for the metal industry. We use our own technology to manufacture and install anything from individual units to complex turnkey projects. Our international, multicultural team covers the full spectrum of processes and solutions, from iron ore to the different finished products. **Join us and get your career off to a brilliant start!**

Danieli Graduate Program is a **two-year international learning journey** that offers the opportunity to travel, build up knowledge, gain work experience in a metal-industry-leading organization and a deep insight of its business.

OUR IDEAL CANDIDATES:

- University graduates or students who pursue a degree in Mechanical or Industrial Engineering;
- Interested in careers in metallurgy;
- Talented individuals who want to thrive as tech engineers or to take on a sales role.

WHAT WE OFFER:

- Individually arranged program designed to drive career success;
- Mentor-led and competency-based training;
- Cross-departmental experience: from R&D to manufacturing, sales and customer service;
- Living and learning abroad experience;
- International assignments and cross-cultural immersion;
- Tools to drive innovation;
- Permanent employment contract.

> Apply by sending us your resume to: hr@danieli.germany.com

We provide you with the opportunities to prove your capabilities and unlock your career potential. **Take advantage of them!**
